(a) Excluded when calculating the total persons for all programs.
(b) Includes post-closing persons and cases.
(c) Less than 0.1%.

PROGRAM NOTES

Aid to Families with Dependent Children (AFDC) A 5% increase in the payment standard effective July 1984 plus lower IV-D refunds (-$759,474) resulted in higher payments during July. This payment change follows the 5% adjustment of July 1, 1983 and the two 7% changes which occurred during the previous biennium (July 1, 1981 and February 1, 1983). The current payment standard by family size is as follows:

Number of Children in Grant	Children Only	Plus One Adult	Plus Two Adults
1	$246	$431	$504
2	339	524	597
3	426	611	684
4	500	685	758
5	576	761	834
6	651	836	909
7	715	900	973
8	779	964	1,037
9	832	1,017	1,090
10	886	1,071	1,144
Each additional child	+$ 53	+$ 53	+$ 53

The case load experienced a decline during the month of 408 (-0.8%). The Unemployed Parent category sustained the largest change, falling 374 (-5.2%) and was bolstered by a small decline of 34 (-0.1%) in Regular cases. A closer focus reveals that the distribution of the Unemployed Parent change was 197 (-7.2%) rural, 58 (-5.1%) suburban, and 119 (-3.6%) urban. By comparison, the change in the number of Regular cases resulted from reductions (66, -0.8) in the suburban counties.

Emergency Assistance (EA) Declines in nearly every emergency category marked this program during July. The exceptions were Eviction, which displayed a recipient increase (+32) and the emergency of Fires, which advanced by $1,208.

The greatest change occurred within the utility-related emergency, which retreated by 28 (-6.1%) to 434 cases and $20,813 (-9.5%) to $197,371. This resulted from fewer requests by AFDC families whose numbers diminished by 51 (14.4%), causing a payment reduction of $26,849 (17.0%). Ramsey County in conjunction with suburban counties were the major contributors to this reduction. Ramsey County alone declined 35 cases (26.5%) and $21,330 (29.9%) within the AFDC category.

The unspecified category of "Other" sustained the second largest payment decline by falling $6,146 (9.8%) to $56,477.

Non-AFDC families were the major influence behind the "Other" change, falling 9 (28.1%) cases and $13,717 (-61.1%). Ramsey County alone sustained a reduction of 15 (83.3%) cases and $12,744 (80.8%). This category typically encompasses appliances, household furnishings, etc.

Evictions displayed a mixed pattern marked by more recipients but lower payments. The first resulted from greater numbers of non-AFDC recipients within the rural counties, which increased by 31 (50%) and $4,366 (98.9%). Lower payments, by comparison, were an offshoot of lower payments by urban ($4,236) and suburban ($2,499) counties to AFDC recipients.

During July, 1,042 cases were served, 11 (1.0%) fewer than the previous month. Persons numbered 3,658, a decline of 66 (1.8%) while payments, at $403,153, were $36,139 (8.2%) below June.

Minnesota Supplemental Aid (MSA) This program set a new expenditure record during July. Despite a small case load advance, payments buffeted the 1.25 million dollar mark.

In July, 10,203 persons received assistance. This was 40 (0.4%) more than June and 235 (2.4%) above one year ago. Monthly expenditures, by contrast, advanced $19,424 (1.6%) to $1,249,399, thereby shattering the previous record of $1,229,975 set only last month.

The monthly recipient advance was a combination of higher recipient levels in the Aged +23 (0.9%) and Disabled +19 (0.3%) categories. The payment growth, on the other hand, was entirely Disabled-oriented and accounted for $16,473 or 84.8% of the monthly change. Higher current payments, particularly in Hennepin County +$8,652, contributed heavily toward the $10,922 advance posted here. The rural counties were responsible for the balance of the Disabled payment growth, the largest of which were recorded by Cass $8,549, Wadena $4,247, Carlton $3,390, Aitkin $3,118, and Itasca $3,028 Counties.

General Assistance (GA) The total number of persons receiving GA for July 1984 was 27,254. This was 1,347 (5.2%) more than June 1984 and 16,617 (156.2%) more than July 1983. The average grant (gross dollars) per person for July 1984 was $208.64. This was $6.11 (2.8%) less than June 1984 and $1.05 (0.5%) more than July 1983.

Application activity decreased compared to June. The number of applications received was 6.9% lower and the total applications on hand decreased by 7.6%. The number of applications disposed of decreased by 8.2% to 5,797. Of these, 4,939 (85.2%) were approved.

The 4,939 cases added in July brought the total cases eligible to 30,150. This was an increase of 2.8% compared to June. Payments were made for 24,664 (81.8%) of the eligible cases. There were 4,213 cases closed which left 25,937 eligible cases continued to August.

1984	January	3,473	699,120	2,531	494,280	9,657	2,342,944	15,604	3,536,345
	February	3,412	670,124	2,792	528,023	9,729	2,330,543	15,857	3,528,690
	March	2,952	580,462	3,070	581,636	10,251	2,433,772	16,187	3,595,870
	April**	3,003	591,920	6,768	1,319,820	10,561	2,514,329	20,242	4,426,069
	May	2,863	581,618	10,288	2,023,191	10,629	2,453,734	23,705	5,058,543
	June	2,913	605,276	12,477	2,464,300	10,573	2,494,066	25,907	5,563,642
	July	3,011	$608,665	13,933	$2,718,830	10,370	$2,358,741	27,254	$5,686,237

*The sum of the numbers of persons by exemption/referral status is greater than the total number of persons because the count of persons is duplicated in Ramsey County when the status changes during the month.

**The "exempt from referral" counts are slightly inflated. Some persons and payments included here should be included with those "referred to Job Services but not MEED".

GA Subprogram Payment Trends(1)

		Emergency Need	Battered Women's Shelter Care	Room and Board	State Hospital	Interim Assistance
1983	July	$ 71,421	$115,632	$598,507

(1)This table represents state Medicaid system payments plus payments made by counties to primarily medical vendors not covered by the central payments system. Also, in this table, each person is counted under all service categories for which payment is made in his/her behalf during the month.

(2)Recipient recoveries represent third-party collections such as health insurance payments, tort recoveries, and estate settlements, which cannot be tied directly to a specific service billing. The dollar values under this category are always negative.

TECHNICAL NOTES

Minnesota Public Assistance Activity Table	Under MA, total Persons Concurrently Receiving AFDC are not included when calculating the total number of persons receiving assistance. This is done to unduplicate the total count since these people are already counted under the AFDC Program. The GA total net payment data is preliminary and subject to occasional change, so the figures for earlier months may be different from the figures originally published for those months.
Public Assistance Programs: Applications and Cases Table	Application activity for the AFDC Program does not include applications for medical only needs.
Table I	This table does not include cases and payments made under the Emergency Assistance Program.
Table III	The sixteen (16) counties identified by the Census Bureau as metropolitan (i.e., SMSA) are separated into urban and suburban. The urban counties are Hennepin, Ramsey and St. Louis, and the suburban counties are the 13 other SMSA counties. These counties are noted (U) and (S) respectively. Two multi-county agencies are labelled as follows: F-M-W HSB includes Faribault, Martin and Watonwan Counties; Region VIII North includes Lincoln, Lyon and Murray Counties.
Tables VI & VI	Recipients are people on whose behalf payments were made during the specified month by the State's centralized medical payment system. Recipients are divided into two categories: (1) Those whose Medical Assistance eligibility is based on receipt of cash assistance from AFDC, SSI or MSA. (2) Those whose Medical Assistance eligibility is _not_ based on receipt of cash assistance from those programs (MA-Only recipients).

GLOSSARY

EPSDT	Early Periodic Screening and Diagnostic Treatment
GAMC	General Assistance Medical Care
HMO	Health Maintenance Organization
Nursing Home ICF-I	Intermediate Care Facility (High Care)
ICF-II	Intermediate Care Facility (Minimum Care)
ICF-MR	Intermediate Care Facility (Mentally Retarded)
P.T., O.T., S.T. Audiology in Nursing Home	Physical Therapy, Occupational Therapy, Speech Therapy
Podiatrist Service	Specializing in Foot Care Services
State Institution MR (ICF)	Mentally Retarded, Intermediate Care Facility
SMSA	Standard Metropolitan Statistical Area is a county or a group of contiguous counties which contain at least one city of 50,000 population. In addition to the county or counties containing such cities, contiguous counties are included in such areas if they are essentially metropolitan in character and are socially and economically integrated.
TB	Tuberculosis

PROGRAM NOTES

Aid to Families with Dependent Children (AFDC) Expenditures continued to rise, but at a slower rate than in July 1984. The program is still feeling the impact of the 5% increase in the basic standard which was effective on July 1. The entire cost increment occurred within the Regular segment. Other contributors to higher costs for the Regulars are a reduction in IV-D refunds of $589,433 and an additional 265 cases receiving payment. Regular payments rose $881,240 (5.4%). In contrast, Unemployed Parents declined $73,471 (-2.0%) in payments and 164 (-2.4%) in cases paid. Decreases in cases for the unemployed by county type were: suburban -41 (-3.8%), rural -66 (-2.6%), and urban -57 (-1.8%).

Unemployed Parent paid cases reached a peak (8,210) in March 1984. In the last five months, this segment declined by 1,546 (18.8%) cases and $643,298 (15.1%) in payments. The suburban counties recorded the highest drop (27.2%) followed by the rural (23.2%) and the urban (11.4%). August 1984 had the lowest Unemployed Parent case load since December 1982.

Emergency Assistance (EA) During August, this program advanced in all major categories--cases, recipients and payments. The emergencies of Eviction, Utilities and Other were of primary influence; however, three other categories, Fire, Illness and No Employment, also showed increased activity and/or higher costs.

Recipients numbered 3,942 in August, 284 (7.8%) more than July and 448 (12.8%) greater than August 1983. AFDC recipients predominated, representing 69.6% of those served. This is comparable to the 70.7% recorded last year. Cases advanced by 129 (12.4%) from July to 1,171. This was 152 (14.9%) higher than one year ago.

The two major emergencies of Utilities and Eviction accounted for 76% of the families, 76.1% of the persons and 79.2% of the expenditures during August. Evictions, although in second place, showed the largest monthly advance, with 418 families aided (+105, 33.5%) at a cost of $172,313 (+$50,523, 41.5%). The urban counties of Hennepin and Ramsey were the foci of change, particularly within the AFDC segment, gaining $38,082 (85.1%) and $10,026 (99.3%) respectively. Utilities, the largest emergency category during August, rose an additional $26,668 (13.5%) to $224,039. Once again, the urban counties of Hennepin and Ramsey were of primary influence, gaining $17,700 (32.8%) and $22,767 (37.9%) respectively. Ramsey County's gain occurred within the AFDC segment, which rose $19,500 (38.9%). Hennepin County's change, by contrast, occurred primarily within the non-AFDC component which advanced by $14,011 (106.4%).

Under the unspecified emergency category of "Other", 227 families were aided at a cost of $79,923. The monthly gain of 41 cases and $23,446 is attributable solely to Ramsey County, which grew by 39 cases and $21,848 within the AFDC component alone. Their involvement with non-AFDC families also increased by three cases and $1,947. Ramsey County accounted for 56.8% of the monthly cases within this category during August and 62.4% of its cost. The most common nondefined problems in Ramsey County were: damage deposit $11,833, plumbing repair/replacement $9,281, rent $7,385, lost cash $6,650, and foreclosure $2,708.

Expenditures totalled $500,705 during August, a monthly gain of $97,552 (24.2%).

Minnesota Supplemental Aid (MSA) The August recipient level was noteworthy only for its overall stability during the month, rising by only one. Expenditures, by comparison, surged upward by $64,997 (5.2%) to set another record.

Recipients numbered 10,204 during August, the smallest monthly change in many years. It was induced by case load changes in the Aged (-28), Blind (+4), and Disabled (+25) categories which nearly achieved equilibrium.

The monthly payment growth was induced by the Disabled category, which advanced by $72,831 (7.4%). All payment categories contributed to this rise, the largest being Corrective, up $40,619 (50.2%). Even Refunds and Cancellations were lower by $8,551 (9.6%). The payment increase occurred within all the county types, rural $35,254 (13.5%), urban $22,443 (3.7%), and suburban $15,134 (14.5%). These increases were broadly based with the largest advance being recorded by Rice County, a rural county. Here, Disabled costs rose by $28,535 because of a $29,015 advance in corrective payments. Ten (10) other rural counties posted advances ranging from $1,000 to $5,200.

The Aged category was the only one to record lower costs, -$9,295 (-3.6%), thereby reflecting a lower recipient level. With so little negative influence, expenditures reached $1,314,396 for another record.

General Assistance (GA) The total number of persons receiving GA for August 1984 was 28,917. This was 1,663 (6.1%) more than July 1984 and 17,715 (158.1%) more than August 1983. The average grant (gross dollars) per person for August 1984 was $212.47. This was $3.83 (1.8%) more than July 1984 and $5.38 (2.6%) more than August 1983.

Application activity increased compared to July. The number of applications received was 13.1% higher and the total applications on hand increased by 12.2%. The number of applications disposed of increased by 14.1% to 6,614. Of these, 5,654 (85.5%) were approved.

The 5,654 cases added in August brought the total cases eligible to 31,591. This was an increase of 4.8% compared to July. Payments were made for 26,246 (83.1%) of the eligible cases. There were 4,632 cases closed which left 26,959 eligible cases continued to September.

	December	3,831	779,664	2,550	498,624	9,580	2,451,609	15,874	3,729,897
1984	January	3,473	699,120	2,531	494,280	9,657	2,342,944	15,604	3,536,345
	February	3,412	670,124	2,792	528,023	9,729	2,330,543	15,857	3,528,690
	March	2,952	580,462	3,070	581,636	10,251	2,433,772	16,187	3,595,870
	April**	3,003	591,920	6,768	1,319,820	10,561	2,514,329	20,242	4,426,069
	May	2,863	581,618	10,288	2,023,191	10,629	2,453,734	23,705	5,058,543
	June	2,913	605,276	12,477	2,464,300	10,573	2,494,066	25,907	5,563,642
	July	3,011	608,665	13,933	2,718,830	10,370	2,358,741	27,254	5,686,237
	August	3,198	$650,773	15,205	$2,997,334	10,581	$2,495,997	28,917	$6,144,104

*The sum of the numbers of persons by exemption/referral status is greater than the total number of persons because the count of persons is duplicated in Ramsey County when the status changes during the month.

**The "exempt from referral" counts are slightly inflated. Some persons and payments included here should be included with those "referred to Job Services but not MEED".

(1)This table represents state Medicaid system payments plus payments made by counties to primarily medical vendors not covered by the central payments system. Also, in this table, each person is counted under all service categories for which payment is made in his/her behalf during the month.

(2)Recipient recoveries represent third-party collections such as health insurance payments, tort recoveries, and estate settlements, which cannot be tied directly to a specific service billing. The dollar values under this category are always negative.

TECHNICAL NOTES

Minnesota Public Assistance Activity Table

Under MA, total Persons Concurrently Receiving AFDC are not included when calculating the total number of persons receiving assistance. This is done to unduplicate the total count since these people are already counted under the AFDC Program.

The GA total net payment data is preliminary and subject to occasional change, so the figures for earlier months may be different from the figures originally published for those months.

Public Assistance Programs: Applications and Cases Table

Application activity for the AFDC Program does not include applications for medical only needs.

Table I

This table does not include cases and payments made under the Emergency Assistance Program.

Table III

The sixteen (16) counties identified by the Census Bureau as metropolitan (i.e., SMSA) are separated into urban and suburban. The urban counties are Hennepin, Ramsey and St. Louis, and the suburban counties are the 13 other SMSA counties. These counties are noted (U) and (S) respectively.

Two multi-county agencies are labelled as follows: F-M-W HSB includes Faribault, Martin and Watonwan Counties; Region VIII North includes Lincoln, Lyon and Murray Counties.

Tables VI & VI

Recipients are people on whose behalf payments were made during the specified month by the State's centralized medical payment system.

Recipients are divided into two categories:

(1) Those whose Medical Assistance eligibility is based on receipt of cash assistance from AFDC, SSI or MSA.

(2) Those whose Medical Assistance eligibility is not based on receipt of cash assistance from those programs (MA-Only recipients).

GLOSSARY

EPSDT	Early Periodic Screening and Diagnostic Treatment
GAMC	General Assistance Medical Care
HMO	Health Maintenance Organization
Nursing Home ICF-I	Intermediate Care Facility (High Care)
ICF-II	Intermediate Care Facility (Minimum Care)
ICF-MR	Intermediate Care Facility (Mentally Retarded)
P.T., O.T., S.T. Audiology in Nursing Home	Physical Therapy, Occupational Therapy, Speech Therapy
Podiatrist Service	Specializing in Foot Care Services
State Institution MR (ICF)	Mentally Retarded, Intermediate Care Facility
SMSA	Standard Metropolitan Statistical Area is a county or a group of contiguous counties which contain at least one city of 50,000 population. In addition to the county or counties containing such cities, contiguous counties are included in such areas if they are essentially metropolitan in character and are socially and economically integrated.
TB	Tuberculosis

(b) Includes post-closing persons and cases.

PROGRAM NOTES

Aid to Families with Dependent Children (AFDC) Expenditures continued to rise during September as a result of a $350,077 reduction in IV-D refunds and an additional 105 paid cases. This growth occurred entirely within the Regular segment. Regular expenditures and cases rose $417,321 (2.4%) and 284 (0.7%) respectively. The Regular case increase was centered in the suburban (1.1%) and the urban (0.9%) counties. The rural counties, by comparison, experienced a decline of only three cases. The Unemployed Parent case load presented a different story, declining for the sixth successive month with 179 (-2.7%) fewer cases and a reduction of $50,440 (-1.4%) in payments. Most of the case reduction (-144) occurred within the rural counties, thereby reducing its total paid cases by 5.8%. The urban and suburban counties remained fairly stable with insignificant losses.

The following is a summary of AFDC applications and closings, including length of time to dispose of after application made and length of time pending, and reasons for denials and closings for the July through September 1984 period.

	Recipients	Cases	Length of Time 45 Days or Less	45+ Days
A. AFDC applications:				
1. Pending from prior quarter	--	448	--	--
2. Received during quarter	--	12,538	--	--
3. Disposed of:	--	12,378	--	--
a. Approved	30,277	10,721	10,474	247
b. Denied	--	1,657	1,554	103
4. Pending at end of quarter	--	608	498	110
B. AFDC closings during quarter	27,815	10,837	--	--

C. Reasons for denying AFDC applications:	Cases
1. No eligible child	69
2. Not deprived of support or care	80
3. Resources exceed limits	196
4. Income exceeds standards	247
5. Failure to comply with procedural requirements	541
6. Undocumented alien	1
7. Nonresident	27
8. Application withdrawn	474
9. Unable to locate or moved	22

D. Reasons for AFDC closings:	Cases
1. No longer eligible child	711
2. No longer deprived of support or care	548
3. Resources exceed limit	56

4.	Income exceeds requirements:	
	a. Earnings increased	1,509
	b. Benefits or pensions increased	99
	c. Support from person inside home increased	9
	d. Support from person outside home increased	96
	e. Requirements reduced	966
5.	Moved or cannot locate	2,295
6.	Recipient initiative	3,791
7.	Gross earnings exceed 150% Standard Basic Needs	526
8.	Expiration of the $30 and 1/3 disregard	21
9.	Other earned income	83
10.	Factor other than earned income	127

Emergency Assistance (EA) The number of families requiring assistance advanced during September. Payments, however, decreased because fewer urban families required help with utility bills and with "Other" problems such as rent, damage deposit, food, foreclosure, and lost cash.

Families served numbered 1,187, 16 (1.4%) more than August. The increase occurred within the AFDC segment, which rose by 54 (6.4%) during the month. This, however, was partially checked by the non-AFDC component which sustained a reduction of 38 families or -11.6%.

The emergency category of Evictions was the only one to show higher family numbers. During September, 452 families received eviction-related assistance, 34 (8.1%) more than during August. This advance was entirely attributable to Hennepin County, which grew by 32 (16.3%) AFDC cases.

Expenditures totalled $454,838 during the month for a reduction of $45,867 (9.2%). Lower Utility and "Other" costs, off $26,551 (-11.9%) and $16,594 (25.8%) respectively, were responsible for the change. Ramsey County was the focus of the Utility decline, experiencing a reduction of $19,798 (23.9%). Most of this occurred within the AFDC component, which alone fell $13,986 (20.1%). Hennepin County, too, experienced lower payments, off $8,171 (11.4%). This was due to fewer payments to non-AFDC families, which declined by $19,985 (69.1%). The influence of the non-AFDC payment reduction, however, was moderated by AFDC-related increases totalling $11,814 (27.6%).

Minnesota Supplemental Aid (MSA) During September, 10,184 aged, blind and disabled persons received assistance. This was 20 (0.2%) fewer than August and 254 (2.6%) more than one year ago. The September change resulted from a decline in the Disabled category, whose numbers fell by 19 (0.3%) to 7,497.

Expenditures, likewise, experienced a decline by slipping $7,968 (-0.6%) from below August's level to $1,306,428. This is $199,438 (18.0%) more than one year ago. The monthly change occurred within the Disabled category, whose expenditures fell $16,057 (1.5%). This, however, was moderated by a $8,566 (3.5%) increase in costs for the Aged. The Disabled change occurred within the rural counties, which declined by $41,551 (-14.0%) to $255,386. One rural county, Rice, contributed heavily to this shift by posting a $28,638 reduction due to lower corrective payments (-$28,335). Twelve (12) other rural counties supported the trend with losses ranging from $1,098 to $5,551. Hennepin County softened the rural Disabled decline by reporting a $40,103 (11.3%) advance because of higher Corrective $43,461 (185.1%) payments.

General Assistance (GA) The total number of persons receiving GA for September 1984 was 29,064. This was 147 (0.5%) more than August 1984 and 17,618 (153.9%) more than September 1983. The average grant (gross dollars) per person for September 1984 was $208.75. This was $3.72 (1.8%) less than August 1984 and $1.54 (0.7%) more than September 1983.

Application activity decreased compared to August. The number of applications received was 10.3% lower and the total applications on hand decreased by 10.3%. The number of applications disposed of decreased by 10.9% to 5,890. Of these, 4,958 (84.2%) were approved.

The 4,958 cases added in September brought the total cases eligible to 31,917. This was an increase of 1.0% compared to August. Payments were made for 26,268 (82.3%) of the eligible cases. There were 4,725 cases closed which left 27,192 eligible cases continued to October.

	July	3,011	608,665	13,933	2,718,830	10,370	2,358,741	27,254	5,686,237
	August	3,198	650,773	15,205	2,997,334	10,581	2,495,997	28,917	6,144,104
	September	2,619	$521,447	15,797	$3,096,202	10,700	$2,449,396	29,064	$6,067,045

*The sum of the numbers of persons by exemption/referral status is greater than the total number of persons because the count of persons is duplicated in Ramsey County when the status changes during the month.

**The "exempt from referral" counts are slightly inflated. Some persons and payments included here should be included with those "referred to Job Services but not MEED".

(1)This table represents state Medicaid system payments plus payments made by counties to primarily medical vendors not covered by the central payments system. Also, in this table, each person is counted under all service categories for which payment is made in his/her behalf during the month.

(2)Recipient recoveries represent third-party collections such as health insurance payments, tort recoveries, and estate settlements, which cannot be tied directly to a specific service billing. The dollar values under this category are always negative.

TECHNICAL NOTES

Minnesota Public Assistance Activity Table	Under MA, total Persons Concurrently Receiving AFDC are not included when calculating the total number of persons receiving assistance. This is done to unduplicate the total count since these people are already counted under the AFDC Program. The GA total net payment data is preliminary and subject to occasional change, so the figures for earlier months may be different from the figures originally published for those months.
Public Assistance Programs: Applications and Cases Table	Application activity for the AFDC Program does not include applications for medical only needs.
Table I	This table does not include cases and payments made under the Emergency Assistance Program.
Table III	The sixteen (16) counties identified by the Census Bureau as metropolitan (i.e., SMSA) are separated into urban and suburban. The urban counties are Hennepin, Ramsey and St. Louis, and the suburban counties are the 13 other SMSA counties. These counties are noted (U) and (S) respectively. Two multi-county agencies are labelled as follows: F-M-W HSB includes Faribault, Martin and Watonwan Counties; Region VIII North includes Lincoln, Lyon and Murray Counties.
Tables VI & VI	Recipients are people on whose behalf payments were made during the specified month by the State's centralized medical payment system. Recipients are divided into two categories: (1) Those whose Medical Assistance eligibility is based on receipt of cash assistance from AFDC, SSI or MSA. (2) Those whose Medical Assistance eligibility is not based on receipt of cash assistance from those programs (MA-Only recipients).

GLOSSARY

EPSDT	Early Periodic Screening and Diagnostic Treatment
GAMC	General Assistance Medical Care
HMO	Health Maintenance Organization
Nursing Home ICF-I	Intermediate Care Facility (High Care)
ICF-II	Intermediate Care Facility (Minimum Care)
ICF-MR	Intermediate Care Facility (Mentally Retarded)
P.T., O.T., S.T. Audiology in Nursing Home	Physical Therapy, Occupational Therapy, Speech Therapy
Podiatrist Service	Specializing in Foot Care Services
State Institution MR (ICF)	Mentally Retarded, Intermediate Care Facility
SMSA	Standard Metropolitan Statistical Area is a county or a group of contiguous counties which contain at least one city of 50,000 population. In addition to the county or counties containing such cities, contiguous counties are included in such areas if they are essentially metropolitan in character and are socially and economically integrated.
TB	Tuberculosis

PROGRAM NOTES

Aid to Families with Dependent Children (AFDC) In October 1984, the composition of cases receiving payment was 87.1% Regular and 12.9% Unemployed Parents compared with 85.1% and 14.9% respectively in October 1983. The rural counties had the largest proportion of Unemployed Parent cases (15.3%) followed by the urban (12.1%) and suburban (11.0%) counties. Of the total Unemployed Parent cases, 18.9% resided in St. Louis County. They represented 26.5% of its total case load.

Counties with the greatest proportion of Unemployed Parent cases during October 1984 in rank order were Lake 33.3%, St. Louis 26.5%, Wadena 25.9%, Todd 25.4%, Aitkin 24.5%, Itasca 23.6%, Carlton 23.4%, Morrison 21.3%, Crow Wing 20.0%, Pine 19.3%, and Hubbard 19.1%. These 11 counties contain 33.7% of all the paid Unemployed Parent cases in October 1984. The majority of these counties are in northern Minnesota and are associated either directly or indirectly with the mining industry.

Emergency Assistance (EA) At first glance, this program appears little changed from the totals recorded during August. Recipients numbered 1,114, a reduction of 73 (6.2%), but payments, at $455,939, only grew by $1,101 (0.2%) from the previous month. Such stability, however, did not mark the larger emergency categories.

Declining family numbers resulted from fewer requests for assistance within eight emergency categories, the largest of which were Utilities -99 (-20.9%), Other -32 (-14.8%), and No Employment -16 (-5.0%). This was partially checked by the category of Eviction, which posted a gain of 72 families (15.9%). This growth was induced by advances within the AFDC and Other categories, which rose by 54 cases (14.9%) and 18 cases (20.0%) respectively. This change was broadly based, occurring in every county category. Within the urban counties, Hennepin predominated, accounting for 85.1% of the urban county cases and 55.7% of all the evictions during October. Their monthly growth totalled 42 families, 35 of which were AFDC related.

Higher payments occurred within five emergency categories, but the greatest impact resulted from the category of Evictions, which reached $226,852 during the month, a gain of $51,854 (29.6%). The largest numerical increase, $35,001 (25.1%), was AFDC related; however, the non-AFDC Other segment also sustained a substantial rise of $16,853 (47.2%). The expenditure change occurred within each county type. Hennepin County alone accounted for 49.2% of the growth within this category with an increase of $25,509 (27.1%). The majority of Hennepin County's advance, $21,073, was AFDC related while the balance of $4,436 was expended on behalf of non-AFDC clientele.

Minnesota Supplemental Aid (MSA) The indices of program growth, recipients, and payments increased during October by 126 (1.2%) and $114,457 (8.8%) respectively.

The majority of the monthly change occurred within the Disabled category. Here, the number of recipients grew by 100 (1.3%) while expenditures advanced by $109,491 (10.6%). Hennepin County was once again a significant factor in this shift by increasing 43 recipients (1.8%) and $55,019 (13.9%). The remainder of the change was essentially rural where a gain of 46 recipients (2.0%) and $30,716 (12.0%) occurred. The rural counties experiencing the largest numerical growth were Blue Earth +4, Dodge +6, Faribault-Martin-Watonwan +5, and Rice +6. The rural expenditure change, on the other hand, was somewhat broader, involving the counties of Aitkin, Becker, Brown, Crow Wing, Freeborn, Region VIII North, Pine, and Winona, where increases exceeding $2,000 occurred.

The suburban change involved 12 recipients and $16,049. The only significant recipient change occurred in Stearns County, which reported six additional persons during October. The suburban payment gain was evident in Dakota +$8,084, Scott +$2,485, and Stearns +$2,058 Counties.

The table below shows the living arrangements of MSA recipients as taken from the Welfare Information System for September 1984. As can be seen, the majority (68.5%) require residential care. Only 24.2% reside in their own home or in a rented situation.

General Assistance (GA) The total number of persons receiving GA for October 1984 was 30,306. This was 1,242 (4.3%) more than September 1984 and 14,436 (91.0%) more than October 1983. The average grant (gross dollars) per person for October 1984 was $207.82. This was $0.93 (0.4%) less than September 1984 and $20.77 (9.1%) less than October 1983.

Application activity increased compared to September. The number of applications received was 9.6% higher and the total applications on hand increased by 8.9%. The number of applications disposed of increased by 8.5% to 6,392. Of these, 5,524 (86.4%) were approved.

The 5,524 cases added in October brought the total cases eligible to 32,716. This was an increase of 2.5% compared to September. Payments were made for 27,550 (84.2%) of the eligible cases. There were 4,601 cases closed which left 28,115 eligible cases continued to November.

	September	2,619	521,447	15,797	3,096,202	10,700	2,449,396	29,064	6,067,045
	October***	1,154	$212,876	18,462	$3,582,440	10,759	$2,502,901	30,306	$6,298,217

*The sum of the numbers of persons by exemption/referral status is greater than the total number of persons because the count of persons is duplicated in Ramsey County when the status changes during the month.

**The "exempt from referral" counts are slightly inflated. Some persons and payments included here should be included with those "referred to Job Services but not MEED".

***Because MEED referrals terminated on September 30, some of the persons and payments reported as "referred to Job Services and MEED" should be reported as "referred to Job Services but not MEED."

GA Subprogram Payment Trends(1)

	Emergency Need	Battered Women's Shelter Care	Room and Board	State Hospital	Interim Assistance
1983 October	170,045	176,189	700,064	$ 8,239	$ 80,696

(1)This table represents state Medicaid system payments plus payments made by counties to primarily medical vendors not covered by the central payments system. Also, in this table, each person is counted under all service categories for which payment is made in his/her behalf during the month.

(2)Recipient recoveries represent third-party collections such as health insurance payments, tort recoveries, and estate settlements, which cannot be tied directly to a specific service billing. The dollar values under this category are always negative.

*AFDC and EA - Minor adjustments will occur.

TECHNICAL NOTES

Minnesota Public Assistance Activity Table	Under MA, total Persons Concurrently Receiving AFDC are not included when calculating the total number of persons receiving assistance. This is done to unduplicate the total count since these people are already counted under the AFDC Program. The GA total net payment data is preliminary and subject to occasional change, so the figures for earlier months may be different from the figures originally published for those months.
Public Assistance Programs: Applications and Cases Table	Application activity for the AFDC Program does not include applications for medical only needs.
Table I	This table does not include cases and payments made under the Emergency Assistance Program.
Table III	The sixteen (16) counties identified by the Census Bureau as metropolitan (i.e., SMSA) are separated into urban and suburban. The urban counties are Hennepin, Ramsey and St. Louis, and the suburban counties are the 13 other SMSA counties. These counties are noted (U) and (S) respectively. Two multi-county agencies are labelled as follows: F-M-W HSB includes Faribault, Martin and Watonwan Counties; Region VIII North includes Lincoln, Lyon and Murray Counties.
Tables VI & VI	Recipients are people on whose behalf payments were made during the specified month by the State's centralized medical payment system. Recipients are divided into two categories: (1) Those whose Medical Assistance eligibility is based on receipt of cash assistance from AFDC, SSI or MSA. (2) Those whose Medical Assistance eligibility is not based on receipt of cash assistance from those programs (MA-Only recipients).

GLOSSARY

EPSDT	Early Periodic Screening and Diagnostic Treatment
GAMC	General Assistance Medical Care
HMO	Health Maintenance Organization
Nursing Home ICF-I	Intermediate Care Facility (High Care)
ICF-II	Intermediate Care Facility (Minimum Care)
ICF-MR	Intermediate Care Facility (Mentally Retarded)
P.T., O.T., S.T. Audiology in Nursing Home	Physical Therapy, Occupational Therapy, Speech Therapy
Podiatrist Service	Specializing in Foot Care Services
State Institution MR (ICF)	Mentally Retarded, Intermediate Care Facility
SMSA	Standard Metropolitan Statistical Area is a county or a group of contiguous counties which contain at least one city of 50,000 population. In addition to the county or counties containing such cities, contiguous counties are included in such areas if they are essentially metropolitan in character and are socially and economically integrated.
TB	Tuberculosis

PROGRAM NOTES

Aid to Families with Dependent Children (AFDC) Monthly payments increased despite a reduction (-1) in the number of cases paid. The payment change was due to a reduction of $491,150 in IV-D refunds and an increase in Unemployed Parent cases of 57 (0.9%), accompanied by a decline of -58 (-0.1%) in the number of Regular cases.

Both the urban and suburban counties reported decreases in paid cases of 138 (-0.5%) and 44 (-0.5) respectively, whereas an increase of 181 (1.2%) occurred within the rural counties. In the rural counties Regular cases increased by 108 and Unemployed Parent cases by 73. The only other area of increase was Unemployed Parent cases in the suburban counties, which increased by 26.

The following table shows the percentage (of the grand total) of payments and cases by case category within county type for November 1984.

	Regular		Unemployed Parent	
	Payments	Cases	Payments	Cases
Urban	53.7%	51.9%	50.0%	47.5%
Suburban	17.2	18.0	14.1	15.4
Rural	29.1	30.1	35.9	37.1
Total	100.0%	100.0%	100.0%	100.0%

Emergency Assistance (EA) The case load and payment levels both diminished during the month in response to a lower level of service within the category of Utilities. There were 974 families assisted in November, 140 (12.6%) fewer than October. Payments, at $404,733, correspondingly sustained a similar degree of change by falling $51,206 (11.2%).

Utility-related assistance, the second largest category, was extended to 221 families at a cost of $112,358. This represented a reduction of 154 (41.1%) families and $55,657 (33.1%) from the previous month.

Although all the county types reported lower utility activity, the largest reduction, totalling $45,835 and representing 82.4% of the change within this category, occurred within the urban counties. The Twin Cities were the focus of this reduction, Hennepin County declining $34,702 (37.1%) to $58,892, and Ramsey County off $11,174 (47.6%) to $12,307. This shift was predominantly (93.3%) AFDC related.

The third most prevalent emergency was the unspecified category of "Other," which advanced to 209 cases, +25 (12.0%) and $60,015, +$13,040 (27.8%). This change occurred in the urban counties of Hennepin and Ramsey and in the rural counties, too, and was evident within the AFDC category.

Minnesota Supplemental Aid (MSA) Rising recipient numbers and declining expenditures marked the MSA program during November. Recipients are at their highest level since May 1981 when 10,392 were recorded. Expenditures, although declining $46,388 from October's level (a record month), still represent the second highest payment ever and are the fourth consecutive month that the $1.3 million mark has been shattered.

Recipients numbered 10,350 during November, 40 (0.4%) more than October and 416 (4.2%) above one year ago. Most of the recipient change occurred in the Disabled category (+18) and was induced by increases in Ramsey (+6) and Hennepin (+6) Counties. Expenditures totalled $1,374,497. This was $46,388 (-3.3%) lower than the previous month but $287,101 (26.4%) above last November's level.

The October to November expenditure change (92.5%) occurred primarily within the Disabled category, off $42,908 (3.8%) and resulted from lower expenditures -$49,186 (-10.9%) in Hennepin County. This was due to a reduction in corrective payments, which fell from $107,932 to $34,710, a loss of $73,222 (67.8%). This was partially offset, however, by increases in Current and Initial payments, plus lower refunds and cancellations.

The following table shows the number and cost for those residing in adult board and care facilities as well as for those in nursing homes during November. Together, these two categories represented approximately 64% of the monthly recipient count and nearly 56% of the November payment total.

MSA
Board and Care Home for Adults and Nursing Home Categories Compared
November 1984

Category		Recipients	Expenditures	Average
Board and Care Home for Adults	Total	1,907	$699,460	366.79
	Aged	468	141,494	302.34
	Blind	20	7,505	375.25
	Disabled	1,419	$550,461	387.92
Nursing Home Residents $15 for Personal Needs	Total	4,729	$ 70,935	15.00
	Aged	1,249	18,735	15.00
	Blind	58	870	15.00
	Disabled	3,422	$ 51,330	15.00

General Assistance (GA) The total number of persons receiving GA for November 1984 was 32,718. This was 2,412 (8.0%) more than October 1984 and 16,801 (105.6%) more than November 1983. The average grant (gross dollars) per person for November 1984 was $205.55. This was $2.27 (1.1%) less than October 1984 and $23.69 (10.3%) less than November 1983.

Application activity decreased compared to October. The number of applications received was 0.4% less and the total applications on hand increased by 0.6%. The number of applications disposed of increased by 0.5% to 6,424. Of these, 5,615 (87.4%) were approved.

The 5,615 cases added in November brought the total cases eligible to 33,730. This was an increase of 3.1% compared to October. Payments were made for 29,692 (88.0%) of the eligible cases. There were 4,234 cases closed which left 29,496 eligible cases continued to December.

	October***	1,154	212,876	18,462	3,582,440	10,759	2,502,901	30,306	6,298,217
	November	--	--	21,691	$4,158,036	11,076	$2,567,153	32,718	$6,725,190

*The sum of the numbers of persons by exemption/referral status is greater than the total number of persons because the count of persons is duplicated in Ramsey County when the status changes during the month.

**The "exempt from referral" counts are slightly inflated. Some persons and payments included here should be included with those "referred to Job Services but not MEED".

***Because MEED referrals terminated on September 30, some of the persons and payments reported as "referred to Job Services and MEED" should be reported as "referred to Job Services but not MEED."

GA Subprogram Payment Trends(1)

(1)This table represents state Medicaid system payments plus payments made by counties to primarily medical vendors not covered by the central payments system. Also, in this table, each person is counted under all service categories for which payment is made in his/her behalf during the month.

(2)Recipient recoveries represent third-party collections such as health insurance payments, tort recoveries, and estate settlements, which cannot be tied directly to a specific service billing. The dollar values under this category are always negative.

TECHNICAL NOTES

Minnesota Public Assistance Activity Table

Under MA, total Persons Concurrently Receiving AFDC are not included when calculating the total number of persons receiving assistance. This is done to unduplicate the total count since these people are already counted under the AFDC Program.

The GA total net payment data is preliminary and subject to occasional change, so the figures for earlier months may be different from the figures originally published for those months.

Public Assistance Programs: Applications and Cases Table

Application activity for the AFDC Program does not include applications for medical only needs.

Table I

This table does not include cases and payments made under the Emergency Assistance Program.

Table III

The sixteen (16) counties identified by the Census Bureau as metropolitan (i.e., SMSA) are separated into urban and suburban. The urban counties are Hennepin, Ramsey and St. Louis, and the suburban counties are the 13 other SMSA counties. These counties are noted (U) and (S) respectively.

Two multi-county agencies are labelled as follows: F-M-W HSB includes Faribault, Martin and Watonwan Counties; Region VIII North includes Lincoln, Lyon and Murray Counties.

Tables VI & VII

Recipients are people on whose behalf payments were made during the specified month by the State's centralized medical payment system.

Recipients are divided into two categories:

(1) Those whose Medical Assistance eligibility is based on receipt of cash assistance from AFDC, SSI or MSA.

(2) Those whose Medical Assistance eligibility is not based on receipt of cash assistance from those programs (MA-Only recipients).

GLOSSARY

EPSDT	Early Periodic Screening and Diagnostic Treatment
GAMC	General Assistance Medical Care
HMO	Health Maintenance Organization
Nursing Home ICF-I	Intermediate Care Facility (High Care)
ICF-II	Intermediate Care Facility (Minimum Care)
ICF-MR	Intermediate Care Facility (Mentally Retarded)
P.T., O.T., S.T. Audiology in Nursing Home	Physical Therapy, Occupational Therapy, Speech Therapy
Podiatrist Service	Specializing in Foot Care Services
State Institution MR (ICF)	Mentally Retarded, Intermediate Care Facility
SMSA	Standard Metropolitan Statistical Area is a county or a group of contiguous counties which contain at least one city of 50,000 population. In addition to the county or counties containing such cities, contiguous counties are included in such areas if they are essentially metropolitan in character and are socially and economically integrated.
TB	Tuberculosis

PROGRAM NOTES

Aid to Families with Dependent Children (AFDC) During December 50,125 families received assistance, 487 (1.0%) more than November but 113 (0.2%) less than December 1983. This activity induced a $232,633 (1.1%) increase in expenditures to $22,295,876. By comparison monthly costs were $1,320,165 (6.3%) higher than December 1983.

The increase of families was broadly based with the Unemployed Parent segment experiencing the greatest advance. Of the 487 new families 338 (69.4%) were Unemployed Parent situations while 149 (30.6%) were Regular. Most of the Unemployed Parent growth occurred in the rural counties, whose caseload advanced 191 families and represented 56.5% of the growth within this category. The remainder of the increase in Unemployed Parent cases was located in the urban (82 cases, 24.3%) and suburban (65 cases, 19.2%) counties. The growth in the number of Regular cases occurred only in the suburban (+3) and rural (+156) counties.

During calendar year 1984, expenditures rose $20,759,970 (9.0%) over the prior calendar year. Major factors affecting the increased costs were a 3.1% rise in paid cases and a 5% increase in the basic standard, effective July 1, 1984. Paid cases have risen steadily since calendar year 1982, but are below the levels for calendar years 1980 (-1.9%) and 1981 (-5.6%). A sharp decline in paid cases occurred in calendar year 1982 (-14.4%) as a result of numerous changes in state and federal regulations. Calendar year 1982 was the only year over the past 15 calendar years with a reduction in the average monthly number of cases paid.

The entire growth in the number of average monthly paid cases for the current calendar year occurred within the Regular segment, which advanced 3.8%. In contrast, the Unemployed Parent segment declined 1.4%. Total case changes by county type were urban 1,030 (4.2%), suburban -128 (-1.4%) and rural 587 (3.9%). Total payments increased $18,436,125 (10.0%) for the Regular and $2,323,845 (5.2%) for the Unemployed Parents.

Cases, Persons and Expenditures
Calendar Years 1980 through 1984

		Average Monthly

Emergency Assistance (EA) During December, this program recorded another decline--the second consecutive month of reduced activity. AFDC families were the focus of change, experiencing a monthly reduction 132 (18.2%) in families aided and $73,027 (33.6%) in expenditures. This contraction reduced the program to 801 cases and a cost of $311,631.

Three major emergencies were behind this monthly reduction--Utilities, Evictions and the unspecified category of "Other". The largest change occurred in the category of Utilities which declined by 86 cases (38.9%) to 135. This had a pronounced effect on expenditures which fell $54,441 (48.5%) to $57,917. Hennepin County alone accounted for 46.5% of the cases and 57.7% of the monthly change within this category.

Evictions, the most common emergency, affected 454 families at a cost of $192,466. This is a monthly decline of 54 cases and $27,328 in payments. This retreat was confined entirely to the urban counties of Hennepin and Ramsey which together fell $28,757 (14.5%) from the previous month. Hennepin county lead the change with a reduction of 41 cases (13.2%) and $16,774 (12.2%). Ramsey county by comparison fell 27 cases (69.2%) and $14,799 (77.3%).

In the unspecified category of "Other" the three urban counties accounted for nearly all the monthly reduction of 39 cases (18.7%) and $18,960 (31.6%). The greatest reduction was experienced by Ramsey county which slipped 18 cases and $9,261. Hennepin fell 10 cases and $4,196 while St. Louis decreased 6 cases and $3,945. Most of this urban change occurred within the AFDC segment which decreased by 29 cases and $15,099.

A comparison of the Emergency Assistance program during calendar years 1984 and 1983 shows increased utilization. In this interval the average monthly caseload rose 583 (9.7%) to 962 while total yearly payments advanced $1,076,254 (30.7%) to $4,583,533. The emergency category displaying the greatest annual change was that of Utilities which experienced a recipient growth of 16.7% and an expenditure advance of 40%. The prevalence and cost of the emergencies of Utility and Eviction can be observed in the following table.

Utilities
Average Monthly Cases, Recipients and Payments
Calendar Years 1984 and 1983 Compared

			Change	
	1984	1983	#	%
Cases	353	300	53	17.8%
Recipients	1,280	1,095	185	16.9%
Payments	$154,617	$110,436	$44,181	40.0%

Evictions
Average Monthly Cases, Recipients and Payments
Calendar Years 1984 and 1983 Compared

			Change	
	1984	1983	#	%
Cases	366	326	40	12.2%
Recipients	1,178	1,028	150	14.7%
Payments	$151,398	$120,942	$30,456	25.2%

Minnesota Supplemental Aid (MSA) A decline was evident during December with recipients off 74 (0.7%) and Expenditures down $40,672 (3.0%).

Most of the monthly change was centered in the Disabled category which alone retreated by 49 recipients and accounted for 66.2% of the monthly recipient loss. In addition its decline of $52,095 was the focus of the entire expenditure reduction.

As is usually the case, Hennepin County heavily influenced monthly Disabled totals by posting 17 fewer recipients than the previous month. This was further strengthened by declines in the suburban (-17) and rural (-23) counties. Although eight suburban counties recorded lower recipient levels, the primary contributors to the suburban decline were Scott (-4), Sherburne (-4), and Washington (-7). The major counties influencing the rural change were Blue Earth (-6), Nobles (-5), and Wilkin (-6).

Most of the monthly Disabled expenditure reduction occurred in Hennepin county which recorded a decline of $40,597 or 77.9% of the change reported within the Disabled category during December. Lower Initial (-$21,477) and Corrective (-$23,714) payments contributed to the reduction.

The performance of the Aged category was mixed with fewer recipients -24 (0.9%) but higher expenses +$11,927 (4.7%). The recipient decline occurred in Hennepin which fell 23 (-4.4%) to 502. The expenditure growth was more obscure but 47.1% was centered in the counties of Ramsey +3,399 and St. Louis +$2,415.

The average monthly performance of this program is shown in the table below.

Minnesota Supplemental Aid
Calendar Year 1984

	Average Monthly			Average
	Recipients	Payments	Total Payments	Grant
Aged	2,558	$ 250,642	$ 3,007,702	$ 97.97
Blind	154	17,167	206,003	111.84
Disabled	7,457	986,556	11,838,667	132.29
Total	10,169	$1,254,364	$15,052,372	$123.35

General Assistance (GA) Just as expected, the GA case load is rising. Referrals to MEED have ended and the winter months, which are typically the peak assistance months, are yet to come. The total number of persons receiving GA for December 1984 was 35,377. This was 2,659 (8.1%) more than November 1984 and 19,503 (122.9%) more than December 1983. The average grant (gross dollars) per person for December 1984 was $206.25. This was $0.70 (0.3%) more than November 1984 and $28.72 (12.2%) less than December 1983. The cause for this drop in average grant is that most of the cases now allowed on GA are paid according to a grant standard schedule which limits the amount of payment. The total number of cases paid higher grant amounts has remained about the same but they are now a proportionately smaller part of the program.

Application activity decreased compared to November. The number of applications received was 3.5% lower and the total applications on hand decreased by 3.1%. The number of applications disposed of decreased by 2.5% to 6,262. Of these, 5,508 (88.0%) were approved. Fewer cases were approved statewide than in November even though approvals increased in all areas of the state except the seven-county Twin City metropolitan area.

The total cases eligible increased by 3.8% over November to 35,004 even though fewer cases were added. This happened because fewer cases were closed. Payments were made for 32,016 (91.5%) of the eligible cases. There were 4,158 cases closed which left 30,846 eligible cases continued to January.

Although unemployment dropped statewide from December 1983 to December 1984, the GA population has more than doubled. Historically, before July 1981, the unemployment rate was a fair predictor of the size of the GA case load. From July 1981 through September 1983, the GA program eligibility criteria changed to exclude most of those considered employable. Concurrent with this cutback was the recession of 1981-83 which was a period of high unemployment. Beginning in October 1983, eligible employables were allowed back on the GA program for a one-month grant before being referred to Job Services to participate in the Minnesota Emergency Employment Development (MEED) program. Many of those referred to MEED in the fall of 1983 returned to the GA program in the spring of 1984 after being deemed, by Job Services, as "unlikely to secure a job" through MEED. The dramatic increase of the GA population since April 1984 is largely due to the referral to the local welfare agencies of those people for whom the MEED program could not find employment. Most of these people are, however, still considered to be employable and are thus required to be registered with Job Services. The growth of this segment of the GA case load over the past year is revealed in the following table by area of the state.

	October***	1,154	212,876	18,462	3,582,440	10,759	2,502,901	30,306	6,298,217
	November	--	--	21,691	4,158,036	11,076	2,567,153	32,718	6,725,190
	December	--	--	24,088	$4,642,507	11,341	$2,654,111	35,377	$7,296,618

*The sum of the numbers of persons by exemption/referral status is greater than the total number of persons because the count of persons is duplicated in Ramsey County when the status changes during the month.

**The "exempt from referral" counts are slightly inflated. Some persons and payments included here should be included with those "referred to Job Services but not MEED".

***Because MEED referrals terminated on September 30, some of the persons and payments reported as "referred to Job Services and MEED" should be reported as "referred to Job Services but not MEED."

GA Subprogram Payment Trends(1)

(1) This table represents state Medicaid system payments plus payments made by counties to primarily medical vendors not covered by the central payments system. Also, in this table, each person is counted under all service categories for which payment is made in his/her behalf during the month.

(2) Recipient recoveries represent third-party collections such as health insurance payments, tort recoveries, and estate settlements, which cannot be tied directly to a specific service billing. The dollar values under this category are always negative.

*Dakota County data is estimated for April-June 1985.

TECHNICAL NOTES

Minnesota Public Assistance Activity Table	Under MA, total Persons Concurrently Receiving AFDC are not included when calculating the total number of persons receiving assistance. This is done to unduplicate the total count since these people are already counted under the AFDC Program. The GA total net payment data is preliminary and subject to occasional change, so the figures for earlier months may be different from the figures originally published for those months.
Public Assistance Programs: Applications and Cases Table	Application activity for the AFDC Program does not include applications for medical only needs.
Table I	This table does not include cases and payments made under the Emergency Assistance Program.
Table III	The sixteen (16) counties identified by the Census Bureau as metropolitan (i.e., SMSA) are separated into urban and suburban. The urban counties are Hennepin, Ramsey and St. Louis, and the suburban counties are the 13 other SMSA counties. These counties are noted (U) and (S) respectively. Two multi-county agencies are labelled as follows: F-M-W HSB includes Faribault, Martin and Watonwan Counties; Region VIII North includes Lincoln, Lyon and Murray Counties.
Tables VI & VII	Recipients are people on whose behalf payments were made during the specified month by the State's centralized medical payment system. Recipients are divided into two categories: (1) Those whose Medical Assistance eligibility is based on receipt of cash assistance from AFDC, SSI or MSA. (2) Those whose Medical Assistance eligibility is not based on receipt of cash assistance from those programs (MA-Only recipients).

GLOSSARY

EPSDT	Early Periodic Screening and Diagnostic Treatment
GAMC	General Assistance Medical Care
HMO	Health Maintenance Organization
Nursing Home ICF-I	Intermediate Care Facility (High Care)
ICF-II	Intermediate Care Facility (Minimum Care)
ICF-MR	Intermediate Care Facility (Mentally Retarded)
P.T., O.T., S.T. Audiology in Nursing Home	Physical Therapy, Occupational Therapy, Speech Therapy
Podiatrist Service	Specializing in Foot Care Services
State Institution MR (ICF)	Mentally Retarded, Intermediate Care Facility
SMSA	Standard Metropolitan Statistical Area is a county or a group of contiguous counties which contain at least one city of 50,000 population. In addition to the county or counties containing such cities, contiguous counties are included in such areas if they are essentially metropolitan in character and are socially and economically integrated.
TB	Tuberculosis

54202-1A

PROGRAM NOTES

Aid to Families with Dependent Children (AFDC) This program advanced slightly during January, assisting 50,706 families at a cost of $22,431,095. The number of families increased 1.2% and expenditures increased 0.6% over the preceding month. The number of persons receiving AFDC nearly reached the one hundred fifty thousand mark with 149,970, for a monthly growth of 1.7%. Most of the monthly change resulted from increases in the Unemployed Parent category.

The remainder of this narrative will focus on the age, sex and marital status of those eligible for assistance on January 1, 1985. Persons eligible on this date totalled 143,307, of which 53,291 were adults and 90,016 were children. Data was derived from the Welfare Information File. (These numbers are different from those cited in the preceding paragraph, which include cases opened after the first of the month.)

The majority of the children (53.8%) are six years of age or less, with the median age at five years and five months. Three year olds comprise the largest single group (8.4%). Only 13.1% of the children are 14 through 18 years old. Male children outnumber their female counterparts by 1,198 (2.7%).

Adults aged 24 and 25 years are the most prevalent age representing 11.9% of the total adults. The age group 20 through 25 comprises 31.6% of the adults followed by 29.3% for the group aged 26 through 31. Female adults surpass male adults by 36,914 (84.6%). Males tend to be older with the largest group (35.2%) aged 24 through 30 years. The heaviest concentration of females (40.2%) are aged 21 through 27. The overall median adult age is 27 years and four months, with females at 26 years and 10 months and males at 30 years and five months.

Approximately 72.1% of the adults are in single parent families. "Single, never married" is the predominant status, containing 32.1% of the adults. "Married and living with spouse" is the second largest category (27.9%).

Total	53,291

Emergency Assistance (EA) This assistance program displayed a broad advance during January. This is atypical and is the only January since 1980 to show so strong an increase. Greater activity in the categories of Eviction, and "Other", augmented by higher utility payments, caused the change in January's pattern.

Families numbered 919 during January, and represented a monthly gain of 118 (14.7%). AFDC recipients constitute the majority of the program representing 73.5% during the month. This is comparable to the 72.8% reported last January.

Expenditures reached $333,350 during the month. This is an advance of $21,719 (7.0%) and occurred within the categories of Utilities $3,763, Evictions +10,504 and the unspecified category of "Other" $15,421.

The largest caseload and expenditure changes were centered in the catch-all category of "Other" which increased 33 cases (19.4%) and $15,421 (37.6%). Greater urban county activity accounted for 45.6% of the caseload growth and 80.1% of the expenditure advance. Hennepin and St. Louis counties were particularly influential, Hennepin by rising 21 cases and $4,627, while St. Louis county gained 4 cases and $6,259.

The category of evictions, the largest in the program, accounted for 52.9% of the families and 60.9% of the expenses during January. The monthly caseload advance of 32 (7.0%) and expenditure growth of $10,504 (5.5%) occurred in Ramsey county which posted a monthly change of 46 cases and +$18,529. Even so, their monthly total of 58 cases and $22,875 fails to compare with Hennepin county which aided 262 families at a cost of $110,503 during January.

The utility emergency experienced the largest increase in families advancing by 58 (43.0%) to 193. However, because the payments were smaller, only a moderate payment change of $3,763 (6.5%) occurred. The suburban and rural counties were the focus of the caseload growth advancing 19 (46.3%) and 40 (133.3%) respectively. The counties of Anoka, Sherburne, Stearns, Washington and Wright accounted for 78.7%) of the suburban caseload growth and 76.9% of the expenditure change. The rural growth was more diffuse with many more counties reporting light activity within this category.

Minnesota Supplemental Aid (MSA) January's recipient and expenditure levels rose in response to greater activity within the disabled category. Recipient numbers displayed a modest increase of 56 (0.5%) to 10,332. Expenditures by comparison advanced by $46,549 (3.5%) to $1,380,374.

The Disabled category, the largest within the MSA program, exhibited a growth of 71 recipients (0.9%) and $54,524 (5.2%). The largest contributor to the recipient increase was Hennepin county (+27). However, Dodge (+9), Ramsey (+8), Cottonwood (+8), Roseau (+7), Ottertail (+6), Mower (+5), Wilkin (+5) and Houston (+4) supported this movement. The largest expenditure changes occurred in Hennepin +$23,692 (6.6%) and Ramsey +$9,727 (6.2%) counties and was further augmented by the counties indicated above by an additional $6,356. Rice, Kandiyohi and Cass counties also played a part in the expenditure increase; Rice with a $10,362 (+$10,317) expense for two initial (new) recipients, Kandiyohi with $3,277 more in expenditures and Cass with a gain of $6,042.

The Aged category ran counter to the Disabled growth, declining by 15 recipients (0.6%) and $9,167 (3.4%). This reduction was narrowly based, occurring for the most part in Hennepin (-7), and St. Louis (-6) counties. Of these two counties only St. Louis reported lower payments, down $3,157.49 (7.8%).

General Assistance (GA) The total number of persons receiving GA for January 1985 was 37,788. This was 2,411 (6.8%) more than December 1984 and 22,184 (142.2%) more than January 1984. The average grant (gross dollars) per person for January 1985 was $203.02. This was $3.23 (1.6%) less than December 1984 and $23.61 (10.4%) less than January 1984.

Application activity increased compared to December. The number of applications received was 16.3% higher and the total applications on hand increased by 14.2%. The number of applications disposed of increased by 14.6% to 7,179. Of these 6,093 (84.9%) were approved.

The 6,093 cases added in January brought the total cases eligible to 36,802. This was an increase of 5.1% compared to December. Payments were made for 34,318 (93.3%) of the eligible cases. There were 5,150 cases closed which left 31,652 eligible cases continued to February.

	December	--	--	24,088	$4,642,507	11,341	2,654,111	35,377	7,296,618
1985	January	--	--	26,388	$5,043,369	11,458	$2,628,372	37,788	$7,671,740

*The sum of the numbers of persons by exemption/referral status is greater than the total number of persons because the count of persons is duplicated in Ramsey County when the status changes during the month.

**The "exempt from referral" counts are slightly inflated. Some persons and payments included here should be included with those "referred to Job Services but not MEED".

***Because MEED referrals terminated on September 30, some of the persons and payments reported as "referred to Job Services and MEED" should be reported as "referred to Job Services but not MEED."

GA Subprogram Payment Trends(1)

	Emergency Need	Battered Women's Shelter Care	Room and Board	State Hospital	Interim Assistance

*Dakota County data is estimated for April-June 1985.

TECHNICAL NOTES

Minnesota Public Assistance Activity Table	Under MA, total Persons Concurrently Receiving AFDC are not included when calculating the total number of persons receiving assistance. This is done to unduplicate the total count since these people are already counted under the AFDC Program. The GA total net payment data is preliminary and subject to occasional change, so the figures for earlier months may be different from the figures originally published for those months.
Public Assistance Programs: Applications and Cases Table	Application activity for the AFDC Program does not include applications for medical only needs.
Table I	This table does not include cases and payments made under the Emergency Assistance Program.
Table III	The sixteen (16) counties identified by the Census Bureau as metropolitan (i.e., SMSA) are separated into urban and suburban. The urban counties are Hennepin, Ramsey and St. Louis, and the suburban counties are the 13 other SMSA counties. These counties are noted (U) and (S) respectively. Two multi-county agencies are labelled as follows: F-M-W HSB includes Faribault, Martin and Watonwan Counties; Region VIII North includes Lincoln, Lyon and Murray Counties.
Tables VI & VII	Recipients are people on whose behalf payments were made during the specified month by the State's centralized medical payment system. Recipients are divided into two categories: (1) Those whose Medical Assistance eligibility is based on receipt of cash assistance from AFDC, SSI or MSA. (2) Those whose Medical Assistance eligibility is not based on receipt of cash assistance from those programs (MA-Only recipients).

GLOSSARY

EPSDT	Early and Periodic Screening, Diagnosis and Treatment
HMO	Health Maintenance Organization
Nursing Home ICF-I	Intermediate Care Facility (High Care)
ICF-II	Intermediate Care Facility (Minimum Care)
ICF-MR	Intermediate Care Facility (Mentally Retarded)
P.T., O.T., S.T. Audiology in Nursing Home	Physical Therapy, Occupational Therapy, Speech Therapy
State Institution MR (ICF)	Mentally Retarded, Intermediate Care Facility
SMSA	Standard Metropolitan Statistical Area is a county or a group of contiguous counties which contain at least one city of 50,000 population. In addition to the county or counties containing such cities, contiguous counties are included in such areas if they are essentially metropolitan in character and are socially and economically integrated.
TB	Tuberculosis

PROGRAM NOTES

Aid to Families with Dependent Children (AFDC) Expenditure moved upward during February to $22,768,450 an increase of $337,355 (1.5%) to set another record for this program. Households requiring assistance also posted an advance of 761 (1.5%) to 51,467. This number is the highest recorded since August 1981. The monthly change was evenly split between the Unemployed Parent and Regular components. The Unemployed Parent category accounted for 49.8% of the recipient advance and 52.9% of the expenditure growth during the month.

The monthly change within the Unemployed Parent component can be seen in the table below. Note that St. Louis county contained 17.4% of the UP families and represented 17.1% of the cost of this category during February.

Unemployed Parent
Families and Expenditures
February 1985 and January compared

	Families		Change		Expenditures		Change	
	Feb.	Jan.	#	%	Feb.	Jan.	#	%
Urban	3301	3218	83	2.6%	$1,873,349	$1,851,737	21,612	1.2%

Ramsey	1068	1033	35	3.4%	667,626	637,274	30,352	4.8%
St. Louis	1306	1264	42	3.3%	698,039	679,092	18,947	2.8%
Suburban	1163	1065	98	9.2%	618,805	545,861	72,944	13.4%
Rural	3042	2844	198	7.0%	1,601,475	1,517,535	83,940	5.5%
Total	7506	7127	379	5.3%	$4,093,629	$3,915,133	178,496	4.6%

The remainder of the AFDC narrative is concerned with the employment status of adults eligible to receive assistance on February 28, 1985. Note the table below showing the employment status of adults by sex within the three major AFDC segments.

	*Regular		Unemployed Parent		Incapacitated Parent	
	Male	Female	Male	Female	Male	Female
Total Eligible	1,482	38,475	6,835	7,214	674	808
Total Employed	179 (12.1%)	7,066 (18.6%)	720 (10.5%)	915 (12.7%)	55 (8.2%)	126 (15.6%)
Part-time	139 (9.4%)	6,129 (15.9%)	692 (10.1%)	845 (11.7%)	46 (6.8%)	100 (12.4%)
Full Time	40 (2.7%)	937 (2.4%)	28 (0.4%)	70 (1.0%)	9 (1.4%)	26 (3.2%)

*Excludes Incapacitated Parents

In February, eligible males represented 16.2% of all eligible adults compared to 17.1% at the end of February one year ago. Male employment was 10.6% up 0.7% with 91.9% of the employed working part time, a drop of 1.6%. Females represented 83.8% of the adult eligibles. Employment for females was at 17.4%, up 1.0%. The majority of the employed females (87.2%) were employed part time, less than 0.1% change.

Part time employment predominates with 91.7% of the employed falling in this category. Of the case categories, unemployed parents have the highest proportion of its employed caretakers working part time (94.0%). This compares with 86.5% for regular and 80.7% for incapacitated parents. Overall, only 12.3% of the employed adults are working full time which translates into 2.0% of the total eligible population.

Emergency Assistance (EA) This program advanced significantly during February with the number of families receiving assistance up 7.0% and expenditures gaining 18.3%. This growth was evident in both the AFDC and non-AFDC categories with the AFDC categories accounting for most of the monthly caseload +34 (53.1%), and expenditures $35,748. (58.5%) change.

The number of families receiving aid numbered 983 during February 64 (7.0%) more than January's level. Expenditures showed even greater variability increasing by $61,134 (18.3%) to $394,484.

Utility payments for 266 families contributed significantly to the monthly trend, increasing by 73 (37.8%) above the previous month. Costs rose $48,129 (78.0%) to $109,809. This change occurred in the urban and rural counties which advanced $35,799 (151.5%) and $12,992 (75.3%) respectively. The urban advance was split between the AFDC (56.8%) and non-AFDC (43.2%) components while the rural county increase was predominantly (81.3%) non-AFDC.

Evictions was the largest emergency category with 467 families receiving a total of $210,381. This activity level offset the monthly recipient growth with a decline of 19 families (-4.1%) but supported the payment trend with its $7411 (3.7%) advance.

Minnesota Supplemental Aid (MSA) Declines marked this program during February. The recipient level totalled 10,305 and represented a decline of only 27 (0.3%) from the previous month. Expenditures by comparison, totalled $1,328,953 and represented a monthly reduction of $51,421 (3.7%).

The recipient change resulted from fewer Aged and Disabled recipients, down 22 (0.9%) and 10 (0.1%) respectively. The expenditure change, by contrast, occurred entirely within the Disabled category which decreased by 55,872 (5.1%). Lower corrective payments $55,095 (43.8%) particularly in Hennepin -$23,193 (-52.2%) and St. Louis $19,984 (-92.1%) were the cause of this reduction.

The recipient reduction was centered in Hennepin and Ramsey counties. Hennepin reported a decline of 3 Disabled and 15 Aged recipients particularly because of increased refunds and cancellations (+10). Ramsey county by comparison assisted fewer Aged (-3) and Disabled (-6). This change occurred as a reduction in the number of "current" (-3) and new (initial) recipients (-5) receiving payments during the month.

General Assistance (GA) The total number of persons receiving GA for February 1985 was 38,376. This was 588 (1.6%) more than January 1985 and 22,519 (142.0%) more than February 1984. The average grant (gross dollars) per person for February 1985 was $199.37. This was $3.65 (1.8%) less than January 1985 and $23.16 (10.4%) less than February 1984.

Application activity decreased compared to January. The number of applications received was 8.5% lower and the total applications on hand decreased by 7.5%. The number of applications disposed of decreased by 8.4% to 6,577. Of these 5,455 (82.9%) were approved.

The 5,455 cases added in February brought the total cases eligible to 37,107. This was an increase of 0.8% compared to January. Payments were made for 34,703 (93.5%) of the eligible cases. There were 4,116 cases closed which left 32,991 eligible cases continued to March.

	December	--	--	24,088	4,642,507	11,341	2,654,111	35,377	7,296,618
1985	January	--	--	26,388	5,043,369	11,458	2,628,372	37,788	7,671,740
	February	--	--	26,712	$5,044,691	11,741	$2,606,426	38,376	$7,651,117

*The sum of the numbers of persons by exemption/referral status is greater than the total number of persons because the count of persons is duplicated in Ramsey County when the status changes during the month.

**The "exempt from referral" counts are slightly inflated. Some persons and payments included here should be included with those "referred to Job Services but not MEED".

***Because MEED referrals terminated on September 30, some of the persons and payments reported as "referred to Job Services and MEED" should be reported as "referred to Job Services but not MEED."

(1)This table represents state Medicaid system payments plus payments made by counties to primarily medical vendors not covered by the central payments system. Also, in this table, each person is counted under all service categories for which payment is made in his/her behalf during the month.

(2)Recipient recoveries represent third-party collections such as health insurance payments, tort recoveries, and estate settlements, which cannot be tied directly to a specific service billing. The dollar values under this category are always negative.

TECHNICAL NOTES

Minnesota Public Assistance Activity Table

Under MA, total Persons Concurrently Receiving AFDC are not included when calculating the total number of persons receiving assistance. This is done to unduplicate the total count since these people are already counted under the AFDC Program.

The GA total net payment data is preliminary and subject to occasional change, so the figures for earlier months may be different from the figures originally published for those months.

Public Assistance Programs: Applications and Cases Table

Application activity for the AFDC Program does not include applications for medical only needs.

Table I

This table does not include cases and payments made under the Emergency Assistance Program.

Table III

The sixteen (16) counties identified by the Census Bureau as metropolitan (i.e., SMSA) are separated into urban and suburban. The urban counties are Hennepin, Ramsey and St. Louis, and the suburban counties are the 13 other SMSA counties. These counties are noted (U) and (S) respectively.

Two multi-county agencies are labelled as follows: F-M-W HSB includes Faribault, Martin and Watonwan Counties; Region VIII North includes Lincoln, Lyon and Murray Counties.

Tables VI & VII

Recipients are people on whose behalf payments were made during the specified month by the State's centralized medical payment system.

Recipients are divided into two categories:

(1) Those whose Medical Assistance eligibility is based on receipt of cash assistance from AFDC, SSI or MSA.

(2) Those whose Medical Assistance eligibility is not based on receipt of cash assistance from those programs (MA-Only recipients).

GLOSSARY

EPSDT	Early and Periodic Screening, Diagnosis and Treatment
HMO	Health Maintenance Organization
Nursing Home ICF-I	Intermediate Care Facility (High Care)
ICF-II	Intermediate Care Facility (Minimum Care)
ICF-MR	Intermediate Care Facility (Mentally Retarded)
P.T., O.T., S.T. Audiology in Nursing Home	Physical Therapy, Occupational Therapy, Speech Therapy
State Institution MR (ICF)	Mentally Retarded, Intermediate Care Facility
SMSA	Standard Metropolitan Statistical Area is a county or a group of contiguous counties which contain at least one city of 50,000 population. In addition to the county or counties containing such cities, contiguous counties are included in such areas if they are essentially metropolitan in character and are socially and economically integrated.

PROGRAM NOTES

Aid to Families with Dependent Children (AFDC) This program sustained modest increases during March and is at its highest level thus far in Fiscal Year 1985. In addition, March expenditures are the largest ever recorded. Cases totalled 52,273 for an advance of 806 (1.6%) while expenditures at $23,190,421 were $421,971 (1.9%) ahead of the previous month.

The growth occurred in both the Regular and Unemployed Parent components and was evident in all types of counties--urban, suburban and rural. Approximately two-thirds (63.4%) of the case change was attributable to the Regular category. However, given the disparity in size between the categories, the Unemployed Parent category displayed the greatest proportionate advance: 3.9% vs. 1.2%. The rural counties reported the largest growth with +137 cases (4.5%) followed by the urban with +106 cases (3.2%) and the suburban counties with +52 cases (4.5%).

Over the first nine months of Fiscal 1985 (July, 1984 thru March, 1985) payments totalled $196,859,230 for an average of $21,873,248 per month. Costs increased at a progressive rate with the second quarter $3,357,562 (5.4%) higher than the first quarter and the third quarter $2,476,553 (3.8%) greater than the second. The expenditure increase in the second quarter coupled with a relatively small rise in cases paid was the result of a $2,581,284 reduction in IV-D refunds. (Note Table on "Gross Payments by Quarter.") The breakdown of expenditures for the nine month period was $162,567,439 (82.6%) for the regular segment and $34,291,791 (17.4%) for unemployed parents.

The largest case increase occurred in the January thru March, 1985 quarter. Cases rose by a monthly average of 1,681 (3.4%) above the previous period. The majority of the case increase was unemployed parents (54.9%).

IV-D	7,416,929	4,835,645	4,589,620
Non IV-D and Cancellations	3,041,872	3,126,926	2,572,523
Gross Total	$73,014,652	$73,875,984	$75,552,109

Emergency Assistance (EA) This assistance program was characterized by increased activity during March resulting in greater expenditures. The advance was induced by more families seeking assistance with Utility payments whose numbers rose 39 (14.7%) pushing payments up $31,539 (28.7%).

While all county types reported greater activity and costs, the majority of the growth (81.4%) occurred in the Urban counties. Ramsey county experienced the greatest change rising $16,219 (149.6%) to $27,057. Ramsey's growth was distributed between the AFDC 57.3% and Non-AFDC 42.7% segments. Hennepin county advanced $13,963 (36.7%) to $51,998. but this change, by comparison, was essentially (96.8%) AFDC.

Families receiving assistance numbered 1,035 during March, 52 (5.3%) more than the previous month. Expenditures displayed a higher rate of growth advancing $36,322 (9.2%) to $430,806.

During the nine month period (July, 1984 thru March, 1985) Evictions and Utilities represented $2,994,147 (81.1%) of the total Emergency Assistance payments of $3,689,638. Evictions, the largest category, accounted for $1,724,121 (46.7%) of the expenditures while Utilities at $1,270,026 represented 34.4% of the total.

During this period total cases averaged 1,025 per month with an average of 454 (44.3%) receiving as a result of eviction and 320 (31.2%) per month for utilities.

A breakdown of total expenditures was $2,585,218 (70.1%) for AFDC cases and $1,104,420 (29.9%) for non-AFDC cases. AFDC cases averaged 743 per month compared with 282 for non-AFDC cases.

Eviction outlay for AFDC cases was $1,264,712 and for non-AFDC cases was $459,409 or 73.4% and 26.6% of the total, respectively.

For Utilities AFDC cases utilized $838,169 in contrast to $431,857 for non-AFDC cases.

The overall average grants per month are as follows: (July, 1984 thru March, 1985)

	Per Case	Per Person
Grand Total	$402.01	$118.95
AFDC Cases	386.78	119.18
Non-AFDC Cases	434.47	118.41

Payments	$618,898	$338,290	$312,838
Cases	1,380 (460)	731 (244)	764 (255)
Total Persons	4,934 (1,645)	2,653 (884)	2,864 (955)

Minnesota Supplemental Aid (MSA) This program was marked by a growth in recipients and expenditures during March. The recipient increase was modest rising by only 122 (1.2%) to 10,427. Expenditures by comparison advanced by $99,405 (7.5%) to $1,428,358 thus setting another record. The disabled category was the focus of the monthly change rising 127 recipients, (1.7%), to 7,754. This spurred expenditures which grew $97,418 (9.3%) to $1,145,023.

The increase in the number of disabled recipients is the result of the gradual movement of the retarded into semi-independent living situations or halfway houses, as required by the Welsch vs. Levine consent decree.

The urban counties acounted for 83.5% ($81,371) of the disabled expenditure growth. All three counties reported increases: Hennepin $44,983 (12.3%), Ramsey $30,946 (19.2%) and St. Louis $5,442 (4.9%). Change in each county was the result of higher costs in the categories of Initial and Corrective. The rural counties reported greater expenditures too, but this was the result of substantial changes within a few counties. Cass +$9,166 and Otter Tail +$5,784 had sizeable refunds and cancellations the previous month, $9,937 and $5,807 respectively. Mower +$3,060, Houston +$2,749 and Sibley +$2,426, on the other hand, increased because of higher costs for initial (new) cases. McLeod county +$2,435 reported that their gain in expenditures was induced by higher corrective payments +$1,742.

General Assistance (GA) The total number of persons receiving GA for March 1985 was 39,370. This was 994 (2.6%) more than February 1985 and 23,183 (143.2%) more than March 1984. The average grant (gross dollars) per person for March 1985 was $197.46. This was $1.91 (1.0%) less than February 1985 and $24.69 (11.1%) less than March 1984.

Application activity increased compared to February. The number of applications received was 2.3% higher and the total applications on hand increased by 2.6%. The number of applications disposed of increased by 3.5% to 6,809. Of these 5,654 (83.0%) were approved.

The 5,654 cases added in March brought the total cases eligible to 38,625. This was an increase of 4.1% compared to February. Payments were made for 35,727 (92.5%) of the eligible cases. There were 4,928 cases closed which left 33,697 eligible cases continued to April.

The following graph shows that the relationship between GA caseload and unemployment has changed since 1981. Until 1981, high periods of unemployment and high numbers of GA recipients were generally concurrent. During the period of July 1976 through June 1981, for example, the correlation between GA recipients and the three-month moving average of unemployed persons* in Minnesota was fairly high (.624). From July 1981 to the present, statutory changes, economic factors, and the effects of the MEED program on GA have brought about a considerably different trend.

The dotted line on the graph shows the projected GA recipients based on the unemployment figures. This follows the relationship established prior to July 1981. If the GA program had remained as it was, the trend likely would have followed the projection except that it would have been even higher due to the magnitude and the duration of high unemployment. The actual GA trend shows (1) the program cut in the summer of 1981, (2) the sharp increse in the Fall of 1983 when employable people (i.e. those not having specific employment-hindering conditions) were allowed one month of GA eligibility before being referred to the MEED job program, and (3) continuing large increases from the Spring of 1984, when people began to be referred to GA from the MEED program, through the present.

The reasons for the dramatic increase in GA participation relative to the number of the unemployed are a matter for speculation. The unprecedented duration of relatively high unemployment has certainly increased the need for GA among the unemployed. Structural changes in Minnesota's economy may have left fewer unskilled jobs available than there were a few years ago. Referrals from the MEED allowance program to GA may have promoted the use of GA by people who otherwise would not have chosen to apply for GA. The relative value of these and other possible explanations cannot be tested in any ready way and so are likely to remain matters of opinion.

---

	November	--	--	21,691	4,158,036	11,076	2,567,153	32,718	6,725,190
	December	--	--	24,088	4,642,507	11,341	2,654,111	35,377	7,296,618
1985	January	--	--	26,388	5,043,369	11,458	2,628,372	37,788	7,671,740
	February	--	--	26,712	5,044,691	11,741	2,606,426	38,376	7,651,117
	March	--	--	27,450	$5,134,798	12,008	$2,639,290	39,370	$7,774,088

*The sum of the numbers of persons by exemption/referral status is greater than the total number of persons because the count of persons is duplicated in Ramsey County when the status changes during the month.

**The "exempt from referral" counts are slightly inflated. Some persons and payments included here should be included with those "referred to Job Services but not MEED".

***Because MEED referrals terminated on September 30, some of the persons and payments reported as "referred to Job Services and MEED" should be reported as "referred to Job Services but not MEED."

(1) This table represents state Medicaid system payments plus payments made by counties to primarily medical vendors not covered by the central payments system. Also, in this table, each person is counted under all service categories for which payment is made in his/her behalf during the month.

(2) Recipient recoveries represent third-party collections such as health insurance payments, tort recoveries, and estate settlements, which cannot be tied directly to a specific service billing. The dollar values under this category are always negative.

TECHNICAL NOTES

Minnesota Public Assistance Activity Table	Under MA, total Persons Concurrently Receiving AFDC are not included when calculating the total number of persons receiving assistance. This is done to unduplicate the total count since these people are already counted under the AFDC Program. The GA total net payment data is preliminary and subject to occasional change, so the figures for earlier months may be different from the figures originally published for those months.
Public Assistance Programs: Applications and Cases Table	Application activity for the AFDC Program does not include applications for medical only needs.
Table I	This table does not include cases and payments made under the Emergency Assistance Program.
Table III	The sixteen (16) counties identified by the Census Bureau as metropolitan (i.e., SMSA) are separated into urban and suburban. The urban counties are Hennepin, Ramsey and St. Louis, and the suburban counties are the 13 other SMSA counties. These counties are noted (U) and (S) respectively. Two multi-county agencies are labelled as follows: F-M-W HSB includes Faribault, Martin and Watonwan Counties; Region VIII North includes Lincoln, Lyon and Murray Counties.
Tables VI & VII	Recipients are people on whose behalf payments were made during the specified month by the State's centralized medical payment system. Recipients are divided into two categories: (1) Those whose Medical Assistance eligibility is based on receipt of cash assistance from AFDC, SSI or MSA. (2) Those whose Medical Assistance eligibility is not based on receipt of cash assistance from those programs (MA-Only recipients).

GLOSSARY

EPSDT	Early and Periodic Screening, Diagnosis and Treatment
HMO	Health Maintenance Organization
Nursing Home ICF-I	Intermediate Care Facility (High Care)
ICF-II	Intermediate Care Facility (Minimum Care)
ICF-MR	Intermediate Care Facility (Mentally Retarded)
P.T., O.T., S.T. Audiology in Nursing Home	Physical Therapy, Occupational Therapy, Speech Therapy
State Institution MR (ICF)	Mentally Retarded, Intermediate Care Facility
SMSA	Standard Metropolitan Statistical Area is a county or a group of contiguous counties which contain at least one city of 50,000 population. In addition to the county or counties containing such cities, contiguous counties are included in such areas if they are essentially metropolitan in character and are socially and economically integrated.
TB	Tuberculosis
